# ABOUT COMPANY

CAK Technical L.L.C was established by Mr. C.R. Pillai, a seasoned professional with an impressive 39-year tenure in the industry. His extensive experience comprises 27 years within the dynamic Dubai MEP sector and an additional 12 years in the Engineering Division of Oman Defense.

The company boasts specialization in MEP projects spanning an array of domains, including residential buildings, offices, hotels, factories, warehouses, car parking facilities, schools, and sewage treatment plants (STP). Our comprehensive service offerings encompass a wide spectrum of activities, from installations and accommodating Additional Loads to Fit-outs, Temporary Construction Supply, and Co-ordination with DEWA (Dubai Electricity and Water Authority) for both Low Voltage (LV) and High Voltage (HV) systems.

# VISION

## **Quality Assurance:**

Quality is of utmost importance to the company, and we maintain a rigorous quality control program. We value continuous communication, education, and training to ensure the highest quality of services. Our quality review process starts from the initial stage and continues until the work is completed.

## **Safety, Quality, Training, and Productivity:**

The company believes in integrating safety, quality, training, and productivity. We understand that training increases productivity, leading to a decrease in risk and an increase in quality. We provide a safe workplace and comprehensive training programs to develop our team members' skills and potential.

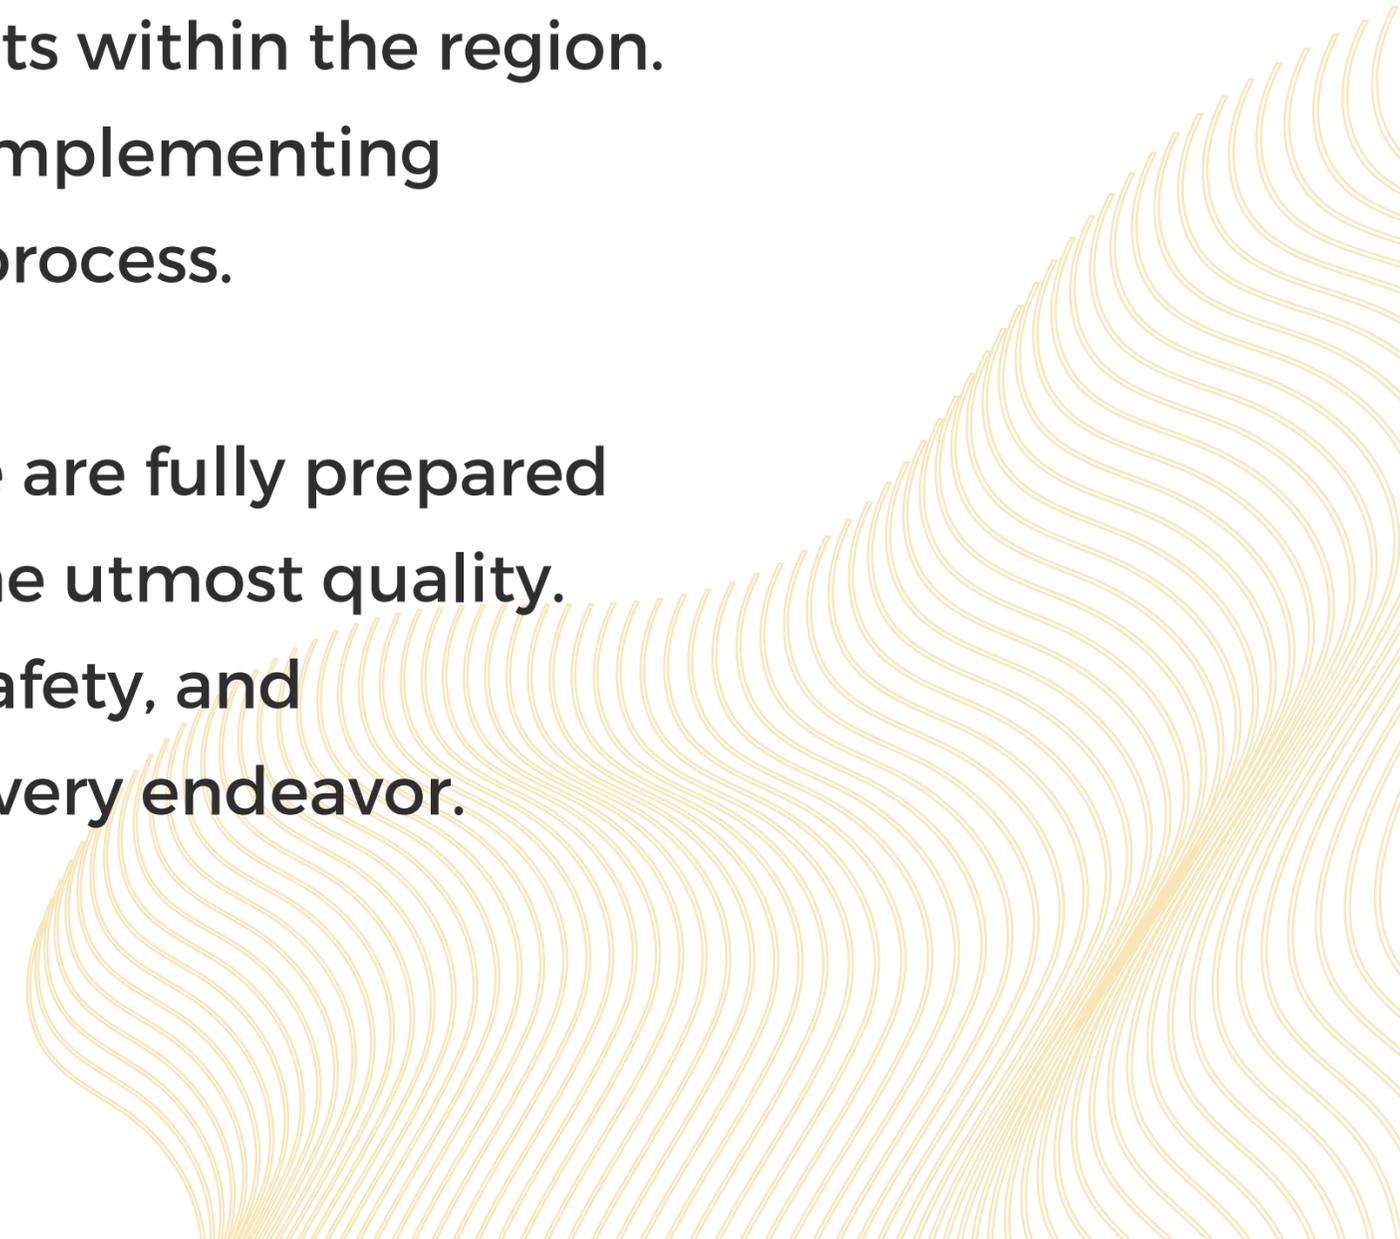

# MISSION

At CAK Technical, our primary objective is to deliver optimal customer solutions and streamline the execution of MEP projects within the region. We are committed to taking the requisite steps and implementing effective measures to ensure a seamless application process.

With an established track record of over a decade, we are fully prepared to respond to your inquiries and deliver a service of the utmost quality. Our unwavering commitment to client satisfaction, safety, and environmental sustainability remains central to our every endeavor.

# MILESTONE

**2013**

DEWA approved contractor

**2018**
